Medical Training Survey Advisory Group

Context
The Medical Board of Australia (the Board) and the Australian Health Practitioner Regulation Agency (Ahpra) have publicly committed to leading the development and implementation of a Medical Training Survey (MTS).

Medical trainees at all levels (post graduation) will be invited to participate in the survey about their recent training experience. Supervisors of medical trainees may also be invited to participate in the survey in the future.

Findings from the survey will assist the Board, Ahpra and other relevant stakeholders to:
- gain a better understanding of the quality of medical education and training in Australia
- identify how the findings could be used to improve medical training in Australia, and
- recognise and deal with areas of risk (including bullying, harassment and discrimination).

Purpose of the Advisory Group
The Board has established the MTS Advisory Group to provide the MTS project with expert advice and guidance on matters pertinent to medical training in Australia. In particular, the Advisory Group will provide expert advice on the development of the MTS content and question algorithm, stakeholder engagement strategy and how to manage adverse results that indicate systemic issues.

The MTS Advisory Group will be a large group comprised of representatives from all facets of medical training in Australia. The Advisory Group will be required to provide timely expert advice and guidance on the scope, design and implementation of the survey and assist in the promotion of the survey to doctors in training and supervisors.

Terms of Reference
The Advisory Group will:
1. review and provide advice on components of the Project Plan. This will be ongoing and the Steering Committee and project team will seek the Advisory Group’s advice on various elements of the Plan as the project progresses
