To whom it may concern

Dear Sir/Madam

I am very very grieved to hear about this proposed change to the Doctor's code of practice.

It is not right in the sight of God for authorities to allow those who go against God's law of gender - male and female only, to be officially recognized by some other false gender. This nation has already heaped up sins. Please do not add to our guilt. God will not ignore our wilful rebellion - He will repay our national rebellion if we do not repent.

A concerned citizen of Australia
