AUSTRALIAN NATIONAL GUIDELINES FOR THE MANAGEMENT OF HEALTHCARE WORKERS LIVING WITH BLOOD BORNE VIRUSES AND HEALTHCARE WORKERS WHO PERFORM EXPOSURE PRONE PROCEDURES AT RISK OF EXPOSURE TO BLOOD BORNE VIRUSES

The Communicable Diseases Network Australia (CDNA) has published these guidelines. The following is a summary of the requirements in the CDNA guidelines:

Healthcare workers who perform exposure prone procedures (EPPs) must take reasonable steps to know their blood-borne virus (BBV) status and should be tested for BBVs at least once every three years. They are expected to:

• have appropriate and timely testing and follow up care after a potential occupational exposure associated with a risk of BBV acquisition
• have appropriate testing and follow up care after potential non-occupational exposure, with testing frequency related to risk factors for virus acquisition
• cease performing all EPPs if diagnosed with a BBV until the criteria in the guidelines are met, and
• confirm that they comply with these guidelines when applying for renewal of registration if requested by their board.

Practitioners who are living with a blood-borne virus and who perform exposure-prone procedures have additional requirements. They are expected to:

• be under the ongoing care of a treating doctor with relevant expertise
• comply with prescribed treatment
• have ongoing viral load monitoring at the appointed times
• not perform EPPs if particular viral load or viral clearance criteria are not met (see detailed information in the guidelines according to the specific BBV)
• seek advice regarding any change in health condition that may affect their fitness to practise or impair their health
• release monitoring information to the treating doctor
• if required, release de-identified information to the relevant area of the jurisdictional health department/Expert Advisory Committee, and
• if required, release health monitoring information to a designated person in their workplace in the event of a potential exposure incident to assess the requirement for further public health action.

• list the name, date of certification, and contact phone number, and position number (if relevant) and have the stamp or seal of the authorised officer (if relevant) applied.

Certified copies will only be accepted in hard copy by mail or in person (not by fax, email, etc). Photocopies of previously certified documents will not be accepted. For more information, AHPRA’s guidelines for certifying documents can be found online at www.ahpra.gov.au/certify

CPD must include a range of activities to meet your individual learning needs, including practice-based reflective elements, such as clinical audit, peer-review or performance appraisal, as well as participation in activities to enhance knowledge such as courses, conferences and online learning.

Medical practitioners who hold limited registration in the public interest must complete CPD activities specified in their conditions of registration.

For more information, view the full registration standard online at www.medicalboard.gov.au/Registration-Standards

Criminal history includes the following, whether in Australia or overseas, at any time:

• every conviction of a person for an offence
• every plea of guilty or finding of guilt by a court of the person for an offence, whether or not a conviction is recorded for the offence, and
• every charge made against the person for an offence.

Under the National Law, spent convictions legislation does not apply to criminal history disclosure requirements. Therefore, you must disclose your complete criminal history as detailed above, irrespective of the time that has lapsed since the charge was laid or the finding of guilt was made.

The Board will decide whether a health practitioner’s criminal history is relevant to the practice of the profession.

You are not required to obtain or provide your Australian criminal history report, AHPRA will obtain this check on your behalf. You may be required to obtain international criminal history reports.

For more information, view the full registration standard online at www.medicalboard.gov.au/Registration-Standards

For more information and to view the conditions for exemption from the English language requirements, view the full registration standard online at www.medicalboard.gov.au/Registration-Standards
IMPAIRMENT

Impairment means a physical or mental impairment, disability, condition, or disorder (including substance abuse or dependence) that detrimentally affects or is likely to detrimentally affect your capacity to practise the profession. The National Law requires you to declare any such impairments at the time of renewal, including details of the impairment and how it is managed.

PRACTICE

Practice means any role, whether remunerated or not, in which you use your skills and knowledge as a health practitioner in your profession. Practice is not restricted to the provision of direct clinical care. It also includes using professional knowledge in a direct non-clinical relationship with clients, working in management, administration, education, research, advisory, regulatory or policy development roles and any other roles that impact on safe, effective delivery of services in the profession.

PROFESSIONAL INDEMNITY INSURANCE (PII)

You must have PII, or some alternative form of indemnity cover that complies with the Board’s standard, for all aspects of your medical practice. Initial registration and annual renewal of registration requires a declaration that you will be covered for all aspects of practice for the whole period of the registration. You may be covered by your Australian employer’s PII - you will need to confirm this with your employer. Medical practitioners are exempt from requiring PII, where the scope of medical practice of an individual medical practitioner does not include the provision of health care or medical opinion in respect of the physical or mental health of any person or where a medical practitioner has statutory exemption from liability or where a medical practitioner is practising exclusively overseas.

For more information, view the full registration standard online at www.medicalboard.gov.au/Registration-Standards

RECENCY OF PRACTICE

To ensure that you can practise competently and safely, you must have recent practice in the field in which you intend to work during the period of registration for which you are applying.

To meet the standard, you must have practised within your scope of practice for a minimum total of:

• four weeks full-time equivalent in one year, which is a total of 152 hours, or
• 12 weeks full-time equivalent over three consecutive years, which is a total of 456 hours.

If you have been absent from practice, the specific requirements depend on the field of practice, your level of experience and the length of absence from the field.

If you propose to change your field of practice, the Board will consider whether your peers would view the change as a normal extension or variation in a field of practice, or a change that would require specific training and demonstration of competence.

Practitioners who are unable to meet the Board’s registration standard for recency of practice may be required to complete professional development activities, submit a plan for re-entry to practice or other training or assessments.

For more information, view the full registration standard online at www.medicalboard.gov.au/Registration-Standards
