Faxed, scanned or emailed copies of certified documents will not be accepted.

### CONTINUING PROFESSIONAL DEVELOPMENT (CPD)

You must participate regularly in continuing professional development (CPD) relevant to your scope of practice.

CPD must include a range of activities to meet your individual learning needs, including practice-based reflective elements, such as clinical audit, peer-review or performance appraisal, as well as participation in activities to enhance knowledge such as courses, conferences and online learning. CPD programs of medical colleges accredited by the Australian Medical Council meet these requirements. You are required to follow the continuing

professional development requirements relevant to your practice in the position and as defined by your employer.

For more information, view the full registration standard online at [www.medicalboard.gov.au/Registration-Standards](http://www.medicalboard.gov.au/Registration-Standards)

### PRACTICE

Practice means any role, whether remunerated or not, in which you use your skills and knowledge as a health practitioner in your profession. Practice is not restricted to the provision of direct clinical care. It also includes using professional knowledge in a direct non-clinical relationship with clients, working in management, administration, education, research, advisory, regulatory or policy development roles and any other roles that impact on safe, effective delivery of services in the profession.

### REGENCY OF PRACTICE

To ensure that you can practise competently and safely, you must have recent practice in the field in which you intend to work during the period of registration for which you are applying.

To meet the standard, you must have practised within your scope of practice for a minimum total of:

- four weeks full-time equivalent in one year, which is a total of 152 hours, or
- 12 weeks full-time equivalent over three consecutive years, which is a total of 456 hours.

If you have been absent from practice, the specific requirements depend on the field of practice, your level of experience and the length of absence from the field.

If you propose to change your field of practice, the Board will consider whether your peers would view the change as a normal extension or variation in a field of practice, or a change that would require specific training and demonstration of competence.

Practitioners who are unable to meet the Board's registration standard for recency of practice may be required to complete professional development activities, submit a plan for re-entry to practice or other training or assessments.

For more information, view the full registration standard online at [www.medicalboard.gov.au/Registration-Standards](http://www.medicalboard.gov.au/Registration-Standards)
