Subject: Consultation - endorsement for acupuncture
Date: Thursday, 29 March 2012 3:06:52 PM

Anyone using the title "acupuncturist" should be under the same guidelines i.e. a degree in Acupuncture or grandfathering as per the Act.

If patients of medical practitioners who receive acupuncture are able to use the public medibank system to claim for their consultation then so should registered acupuncturists with the Chinese Registration Board.
