Subject: Cosmetic surgery

My name Dr Moyad Elley
I am medical practitioner ,working in NSW .
I am very concerned about the practice of cosmetic surgery performed by medical practitioners who are NOT a fellow of college (surgeon college) .
They are abusing the right of advertisement , Also they taking advantage of naive people to make a show on you tube for very unusual cosmetic surgery like vaginal tightening!!
I am more than happy to be contacted by NSW medical board to discuss this issue

Kind Regards
Dr Moyad Elley
