I AM THE OWNER OF THE CLINIC ALL BUFFED UP: 62 Brice Avenue, Mooroolbark VIC 3138

I am the clinic owner of ^{ALL BUFFED UP} ~~the clinic~~ for over 10 years and I am writing this letter in response to the Public consultation in regards to the following changes proposed. Please note the following points in particular from the Medical Board Public Consultation Paper. As the results would create a disrupting effect to our clients

Page 56:

2.5 Other than for minor procedures that do not involve cutting beneath the skin, there should be a cooling off period between the patient giving informed consent and the procedure of at least seven days.

Page 58:

7.2 Medical practitioners must not prescribe schedule 4 (prescription only) cosmetic injectable unless they have had a face-to-face consultation with the patient. A face-to-face consultation is required for each course of injections. Remote prescribing (for example, by phone, email, or video conferencing) of cosmetic injectable is not appropriate

Marco Andrea Peruzzo has worked for a number of years at the clinic and our patients are very pleased with Marco Treatments, consultations skills and professional standards Also they have created a created a trusting relationship with him.

If the proposed changes are implemented it would affect severely affect my business as our beloved nurse Marco will not be able to work as he currently do with the dual consultation with nurse and doctor or nurse practitioner using real time video at this Clinic this would affect negatively my business .

The trusting relationship between Marco Andrea Peruzzo and myself and our patients would be discontinued

Comments Marco has been working with us along side anti aging group for the past 4 years and have been working with anti aging for the past 10 years. Our clients have a trusting relationship with Marco and the team at all buffed up. If this law is passed this will severley compramise my business.
