Dear Dr Katsoris

Re: Consultation – Review of Registration Standards

The Royal Australian and New Zealand College of Obstetricians and Gynaecologists (RANZCOG) is the peak standards body for women's health, representing over 1,800 specialist Obstetrician/Gynaecologists, and over 2,200 General Practitioner Obstetricians.

The College welcomes the invitation from the Medical Board of Australia (MBA) to provide comment in relation to the following draft revised Registration Standards:

- Professional indemnity insurance
- Continuing professional development
- Recency of practice

I advise that the College notes the proposed revisions to the Registration Standards and accepts the MBA recommendations without further comment.

Yours sincerely

Michael Permezel

President
